CHRISTMAS LUNCHEON -IN DECEMBER 2021

As soon as the December holidays started, the children were anxiously awaiting feedback from their external Social workers to find out whether they can possibly spend at least a 2 -4 week vacation with a family member or their parents.

This is only possible if the family prepare for the child to spend Christmas with them. Unfortunately for 5-6 boys, going home was not an option.

The sadness befalls them during this time. Staff take this opportunity to strengthen the bond and build a report – we were able to deck the halls with donations of trimmings and some we bought and made a special lunch thanks to community sponsors, Truter family, Geduldt family, Rhoda family and Meyer family and Carstens family. A special thanks to all of them for making this day special for our boys.

SCHOOL YEAR STARTS OFF BLISSFULLY

The boys were excited this first term of school, at least most of them as they faced a new year, a new grade and for some even a new school.

When they returned from their holidays they could see their friends again and we had their full co-operation as the staff member fitted and allocated school uniforms/ shoes, they needed.

Thanks to our donors from Germany – DSF /Wennemer Trust commitment to the scholastic needs, we could shopping for their uniforms and some of their school stationery to start off the year.

CHRYSALIS PARTNERSHIP

Chrysalis academy is well known to Social services and render a phenomenal service to the youth within our community. We reached out to them for guidance and assistance wrt the boys that are residents at our facility.

The boys were welcomed by the Chrysalis family and enjoyed being involved in some of the activities presented by the facilitator, Mr Moses Piet. More details about this partnership in next Newsletter
